

# LOUISE JACKSON, MDA—SEPTEMBER SEMINAR SIGN-UP SHEET

Louise will explain the process and technique of a successful painting, using demonstrations and individual attention as time allows. She will teach two gorgeous florals in water medium, step by step and in an easy to follow manner. She is an exceptional artist, instructor, author, TV art instructor, designer, and portrait artist. Above all she is wonderful at instructing all levels in order to produce a beautiful painting. Louise captures the magic of painting a floral. Her qualifications are too numerous to record here. She has taught the USA and abroad. This will more than likely be the last time that Louise will be in the Dayton area, so please do not let this opportunity pass, to go home with a painting taught by Louise Jackson.
